FOR IMMEDIATE RELEASE:

January 11, 2002
NR-001

GAG, RED GROUPER, AND BLACK GROUPER COMMERCIAL FISHERIES IN GULF OF MEXICO FEDERAL WATERS WILL CLOSE FEBRUARY 15 UNTIL MARCH 15, 2002

NOAA Fisheries announces that from February 15 until March 15, 2002, the sale or purchase of gag, red grouper, or black grouper harvested from Gulf Federal waters is prohibited, and no person aboard a vessel for which a valid Federal commercial Gulf reef fish permit has been issued may possess these species in the Gulf regardless of where harvested. The operator of a vessel with a valid Federal commercial Gulf reef fish permit having gag, red grouper, or black grouper aboard must have landed and sold such gag, red grouper, or black grouper prior to 12:01 a.m., local time, February 15, 2002. This prohibition on sale/purchase does not apply to gag, black grouper, or red grouper that were harvested, landed ashore, and sold prior to February 15 and were held in cold storage by a dealer or processor. Additionally, during the closure, the recreational bag and possession limits for gag, red grouper, and black grouper aboard those

vessels which have been issued a valid Federal commercial Gulf reef fish permit is zero. A person aboard a vessel for which the Federal permit indicates both charter vessel/headboat for Gulf reef fish and commercial Gulf reef fish may continue to retain gag, red grouper, and black grouper under the recreational bag and possession limit, provided the vessel is operating as a charter vessel or headboat. Reef fish caught under the recreational bag limit may not be sold. The commercial fishery will reopen at 12:01 a.m., on March 15, 2002.
